

FACT SHEET

on the validation of foreign school-leaving qualifications – colleges of agriculture and forestry, schools of tourism, fashion, service industries management, art and design, product management and presentation

The validation of foreign certificates is based on a comparison with Austrian curricula of school attendance abroad and examinations taken abroad. **If you cannot provide sufficient evidence of individual subjects or areas of the syllabus, you must take appropriate additional examinations.**

You can only apply to have a foreign certificate validated if it was issued by a foreign school whose status corresponds to that of an Austrian public (state) school or a school with public status and if it can be shown that validation is required in order for you to obtain a particular eligibility or entitlement. If state recognition of the school abroad in question is not clearly evident from the certificate, appropriate evidence from the school authority there must be provided.

A certificate can only be validated if it lists all subjects taken and grades awarded. Confirmation of school attendance cannot be validated.
