

## **Syria, Procedure of Admission to Studies (Zulassungsempfehlung Syrien)**

Taking into account the recent political situation in Syria, the Federal Ministry of Education, Science and Research recommends to proceed with incomplete applications for admission to studies as follows, as long as this situation will last:

According to § 60 para. 3 of the Universities Act 2002 – UG, the rectorate is entitled to waive the obligation to submit some documents if it is satisfied that it would be impossible or excessively difficult to furnish them within a reasonable period, and that the supporting documentation submitted is a sufficient basis for a decision. These facts can be assumed with regard to Syrian authorities. This concerns above all the proof of the special university entrance qualification and the legalizations.

The list of subjects in the IB can serve as a benchmark for the review of the general university entrance qualification.
